

HANDY MAGNET™

You'll soon discover a multitude of uses!

Handymagnet is a multi-functional, all purpose, flexible magnetic system.

Handymagnet contains high energy, Br of 12,500 Gauss, rare earth magnets encased in a malleable plastic coating, creating a more flexible, attachable and adaptable device, than any other on the market.

The cover is waterproof, can be cut and shaped to suit, stapled, sewed and tied. Handymagnet is extremely versatile and folds down to fit in the palm of your hand, providing easy storage, travel and packaging.
